REGOLE PER UNA BUONA MANUNTENZIONE DEI PRODOTTI IN LEGNO E DEGLI ACCESSORI

RULES FOR THE PROPER MAINTENANCE OF WOOD PRODUCTS AND ACCESSORIES

IL PANNELLO DI FAGGIO

Essendo il legno una materia viva, è quindi soggetta a mutazioni dovuta ai cambiamenti ambientali quali: umidità e temperatura, che possono causare piccoli movimenti quali dilatazioni o imbarcamenti prodotti dall'uso e dal tempo.

Pulizia e manuntenzione:

_ pulire il legno con panni antistatici o con panni leggermente umidi per rimuovere la polvere;
_ non usare detergenti o solventi;
_ evitare ogni contatto con acqua, tenere il manufatto in un luogo asciutto a temperature moderate.

GLI ACCESSORI INOX

Pulizia e manuntenzione:

_ pulire gli utensili dopo l'uso con superfici morbide;
_ evitare di usare prodotti abrasivi, pagliette mettaliche o sintetiche;
_ utilizzare diluenti neutri;
_ asciugare dopo ogni lavaggio, anche dopo quelli fatti con la lavastoviglie;
_ non utilizzare per il lavaggio detersivi con elevato tenore di cloro o cloruri liberi.

COLTELLI E POSATE FORGIATE

Pulizia e manuntenzione:

_ evitare il contatto delle lame con materiali troppo duri, come ceramica, vetro porcellana...;
_ dopo ogni lavaggio in lavastoviglie asciugare appena il ciclo è finito;
_ è possibile il lavaggio manuale con detersivi neutri;
_ evitare il contatto per lungo tempo delle lame con sostanze ossidanti, (cloruro di sodio) ecc.

PENTOLE

COOKIN' è una linea completa, dalla padella della migliore tradizione al WOK delle nuove tendenze multietniche, formata da un unico pezzo di alluminio forgiato con uno speciale fondo "a goccia"per una distribuzione del calore perfetta, con un rivestimento antiaderente che rispetta i cibi e li lascia liberi di esprimersi, e con un innovativo coperchio che mantiene equilibrata l'umidità e protegge sapori. Possono andare su ogni piano di cottura a GAS, ELETTRICI, INFRAROSSI, CERAMICA.

Pulizia e manuntenzione:

_ Si possono lavare in lavastoviglie;
_ Utilizzare strumenti solo di plastica o di legno, mai usare gli strumenti in metallo;
_ Non utilizzare panni di lana abrasiva per lavare le pentole, è sufficiente utilizzare acqua calda con una quantità minima di detergente neutro;
_ Mai tagliare il cibo all'interno della pentola.

PANEL BEECH

As the wood a living material, is therefore subject to changes due to changes environment such as: humidity and temperature, which can cause small movements such as expansions or boats produced by use and time.

Cleaning and maintenance:

_ Clean the wood with anti-static cloth or slightly damp cloth to remove dust;
_ Do not use detergents or solvents;
_ Avoid any contact with water;
- Hold the piece in a dry place at moderate temperatures.

ACCESSORIES STAINLESS

Cleaning and maintenance:

_ Clean tools after use with a soft surface;
_ Avoid using abrasive cleaners, scouring pads metal or synthetic;
_ Use thinner Neutral;
_ Drying after each wash, even after those made with the dishwasher;
_ Do not use for washing detergent with high content of chlorine or chloride-free.

FORGED KNIVES AND CUTLERY

Cleaning and maintenance:

- Avoid contact the blades with too hard materials such as ceramics, glass, porcelan...;
_ Drying after each wash in the dishwasher once drying cycle is finished;
_ Is it possible to hand wash with neutral detergent;
_ Avoid contact long blades with oxidizing substances (sodium chloride), etc.

POTS

COOKIN' is a completely new line: from frying pans to the best traditional work for the new multicultural ideas, made up of one piece of forged aluminium and a special "drop Cookin" base for a perfect heat distribution, with a non-stick coating that respects the food and gives the go ahead to free expression, and a innovative "COOKIN" lid that maintains the correct humidity during cooking and guarantee the flavours. These pots have correct positioning on all hobs: GAS, ELECTRIC, INFRARED,CERAMIC.

Cleaning and maintenance:

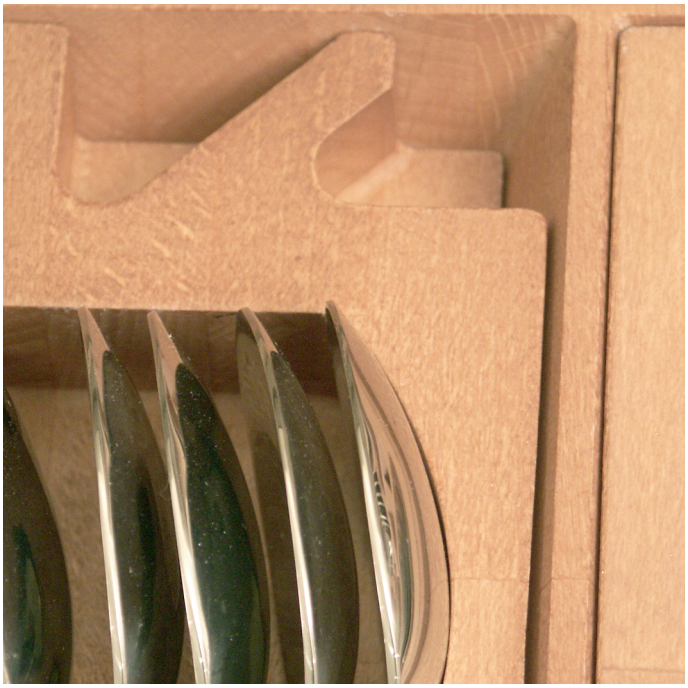

_ They can be washed in the dishwasher;
_ Use only plastic or wooden tools, never use the metal tools;
_ Never use powders and/or abrasive wool to wash the pots, it is sufficient use hot water with a minimum quantity of neutral detergent;
_ Never cut the food inside the pot.
